Dear Mr. Smithson,

I wanted to say thank you for an amazing job on the Exhibition Place Client Appreciation Event held at Direct Energy Centre. Your quick decision to participate and support our event was greatly appreciated and added the finishing touches to our "Winter Wonderland" design.

The sound was perfectly balanced and the podium was a great addition to our stage. Overall you helped us create a memorable event for all our guests.

Thanks again and we look forward to working with Star Productions Inc again in the near future.

Sincerely,

Dionne Bishop
