Dear Alan:

I just want to say thank you for the outstanding job you and your staff did at our AGM which was held at the Toronto Westin Prince Hotel. You met all our AV needs perfectly and professionally and the set up for our awards dinner surpassed our expectations.

Because of the fact that we had corporate sponsors at our event and that we were recognizing their contributions to our foundation, it was important that everything would run smoothly and you ensured that this would be the case. As promised, everything went off without a hitch; even with our tight set-up times and room moves.

Thank you again for a job well done and also for supporting our Foundation in helping us find a cure for type 1 Diabetes and its complications through research.

I look forward to working with you again.

Kind regards,
