Mississauga, Ontario L5N 5Z2

Dear Alan,

It is with great pleasure that I write this note to you and your staff to thank you for your assistance during our first ever Canadian National Conference! This event was the start of a new era for Silpada Designs and we are glad that you could be there to be a part of it.

Over the past few months, you and your staff have been there with us, assisting in the planning of our event. You handled all the changes we gave you prior to the event without issue. On-site you continued to manage changes and make suggestions to better improve the set up of our event. I really appreciated the fact that you brought along extra equipment that you thought we might want to use (all of which we ended up using!). Terry and Andre were wonderful to work with during the set up phase. They were more than willing to install some of our own set pieces and make changes as requested by our staff. Your personal DJ services were a fantastic finish to our event!

Thank you for helping us ensure our first Canadian event was a success. We look forward to working with you on future events.

Sincerely,

*Karen Williams*
